Wednesday October 25, 2023 - Artwork pick up at HCA

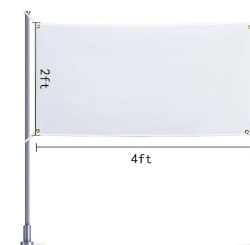

Changing our approach - We are trying to simplify the installations to be more sensitive to the trail and its use, as well as, having as little effect on the environment as possible. For this year's artwork we would like all artists to work on a 24 x 48 inch canvas panel (provided with your registration) that will be hung along the trail using cables. All imagery must be painted using outdoor acrylic/craft paint that will not drain off onto the ground.

Community and Inclusion - Participants are invited to work individually or as a group and are encouraged to use the theme of community and inclusion as inspiration for their artwork. You are welcome to use your own inspiration for your artwork as well.

Registration - If you or your organization are interested in being a part of this annual outdoor art exhibit please complete this registration form and submit it and venmo your \$10 payment to @Christine-Enos-4. Each participant will receive an outdoor canvas with grommets for hanging. If you have a larger group you might consider more than one entry to receive another canvas. *Please keep in mind that your registration is not complete until you've made the payment.*

Canvas Pick-up - When you pick up your canvas we will have examples on how to under-paint your canvas, create a border if you wish, and how to "glaze" the canvas once the painting is finished to protect it.

Installation - We will be installing the artwork with the help of the National Art Honor Society students from the High School. If you would like to come help as well that would be greatly appreciated. We will be installing on Tues and Wed October 11th and 12th from 3-5 pm.
